

# Nevada-Utah Conference Community Outreach Report

Because of a deepening concern to provide children in our SDA school with a "Proper Education, it is proposed that each school provide opportunities as a part of the curriculum for children and youth to become actively involved with out reach opportunities including but not limited to the following:

- a. Out reach to the sick or aged.
- b. Out reach to backsliders of any age
- c. Out reach to new interests with possible Bible studies.
- d. Out reach in missionary projects i.e. destitute family assistance, any project that answers a real need.

"When properly conducted, church schools will be the means of lifting the Standard of truth in the places where they are established, for children who are receiving a Christian education WILL BE WITNESSES FOR CHRIST." 6T p. 202
